Ginger Root Bio Extractive® (CH)

Botanica has developed a new Extractive®. For the Extractive® Botanica uses the dried, organic certified ginger root pomace. The pomace is a co-product of the ginger juice production at a Swiss Botanica partner. The ginger root Bio Extractive® contains very valuable cosmetic ingredients. [More](#)

Availability of natural raw materials

The current situation in global raw material procurement continues to be challenging. There are many reasons for this. Climatic changes, worldwide logistic bottlenecks or the current Corona situation lead to delivery difficulties or delays. [More](#)

Did you know that...

- Botanica is certified according to Swiss Organic Regulation? [More](#)
- Botanica offers concentrates? [More](#)
- Botanica helps a selected organization with a donation every year around Christmas time? Christmas 2021 Botanica has supported the organization "kindergardens4senegal"? [More](#)
