**Edition spring 2022**

Welcome to Botanica's newsletter.

Topics:

- In-cosmetics 2022
- Agrimonia Bio Extract 'C' G
- Did you know that...

### **In-cosmetics 2022**

We have waited a long time and hoped to meet you again soon at the in-cosmetics.

We are looking forward to guiding you through the world of plant extracts and to present our novelties to you. Visit us at booth U20 and find out what's new.

## Agrimonia Bio Extract 'C' G

Botanica has developed a new organic certified extract. Agrimonia is a perennial herbaceous plant with yellow flowers arranged on slender terminal panicles. Agrimonia is known as an ancient medicinal plant and the extract is also used in cosmetics. The INCI Agrimonia Eupatoria Extract is known in Europe, USA, China and Japan. [More](#)

### Did you know that...

- Botanica has been using heating gas from 100% biogas since the beginning of 2022 and that the company building together with sustainable electricity is CO2 neutral? We also compensate the CO2 of business trips and the CO2 of commutes of all employees. [More](#)
- Botanica offers water distillates? [More](#)
- Botanica offers over 1000 different plants for extraction? [More](#)
